SOFT SKILLS

- ✓ Fast learner
- ✓ Analytical thinking
- ✓ Team collaboration
- ✓ Problem-solving
- ✓ Attention to detail

PROFESSIONAL SUMMARY

Ambitious and motivated student at the Technical University of Sofia with a strong interest in software development. I have acquired valuable skills through my education and practical projects, building a solid foundation in Python and Django, along with modern tools like Docker, AWS, and PostgreSQL. I am seeking internship opportunities or an entry-level position in the IT sector where I can apply my technical knowledge, learn from experienced professionals, and contribute to innovative projects. Always eager to learn new things on the go.

KEY PROJECT

API Documentation Manager

Python

Django

PostgreSQL

Docker

AWS

Celery

Nginx

- Architected a comprehensive web application for managing API documentation using **Python** and **Django**.
- Leveraged **Docker** and Docker Compose to containerize the application, seamlessly integrating a **PostgreSQL** database and Nginx server.
- Deployed the complete infrastructure to **AWS**, ensuring high availability and a reliable production environment.
- Integrated **Celery** for processing asynchronous background tasks within the support ticketing system.
- Implemented robust unit testing across models, views, and forms to guarantee code reliability.
